## BRAND OF THE MONTH - SLAMM SCOOTERS

Posted in [Scooter](#), on 26th July 2019

This month our chosen brand here at SkateHut is Slamm Scooters! Founded back in 2010 in Buckinghamshire UK, Slamm Scooters has built a solid reputation for designing and developing stunt scooters. Their scooter models successfully combine the best high-end specs, with on trend aesthetics at affordable prices.

Slamm take a lot of pride in the constant communication they have with both riders and skate shops in the community. It's through this connection that they can quickly implement innovations into their ranges, to make the highest quality products that push the extreme sport forward.

Slamm's latest range of 2019 completes has just landed in our stores and we are excited to take an in-depth look!

## SCOOTERS 2019 RANGE

**Slamm Tantrum VII Stunt Scooter**

Slamm's **Tantrum VII** kicks off the new range with one of the highest spec entry-level scooters on the market. With upgraded components throughout, the Tantrum VII is an impressive step up from its predecessor. The coffin neck connector provides strength to the channelled deck, and the reinforced steel dipped T-bars are short and narrow for younger riders. The Tantrum VII is perfect for the school commute as well as street riding.

#### **Slamm Classic VII Stunt Scooter**

Slamm have also upgraded their **Classic series** with new components such as the coffin neck connector, adding strength to the stylish deck. The surface of the deck is now wider and longer than previous models making it more ideal to land tricks on. Additionally, the nylon deck inserts not only add a nicely finished aesthetic touch, but they also allow for smooth transitions. The steel forks have also had special treatment to not only make them stronger, but also lighter while looking sweet when assembled through the headtube and semi-sealed threadless headset.

#### **Slamm Assault IV Stunt Scooter**

Slamm have really upped the game of the fourth edition Assault. The upgraded components include the rail neck connector adding strength to the stylish laser etched deck, which is also wider and longer than previous models. The Assault also sports nylon deck inserts which add a solid aesthetic touch, but also allow for those smooth, clean transitions. The one-piece aluminium forks have also had special treatment to not only make them stronger but also lighter. With this change they perform smoothly while looking sweet, assembled through the CNC cut-out headtube and the sealed threadless headset.

More models will be added to the [Slamm Scooters 2019 range](#) so please do keep an eye out! As always if you're looking for more information about this range or any of the exciting items on our website, get in touch with us. You can use our online chat, email or phone 0121 501 1111 for expert information on any of our products.

A banner for a store locator. The background is a blurred image of a shop interior with various products. In the center, there is a white box with the text "Please select a store" and a red button with a white "L" icon. Above the box, the text "VISIT OUR STORES" is written in large, white, uppercase letters. Below it, in smaller white uppercase letters, is "USE THE DROP DOWN TO FIND A STORE NEAR YOU." The background image shows a person's hand holding a smartphone, and various products like a bag of coffee and a box of milk are visible.
